Date: 24/07/2025

Advisory No: 45/2025

Category: Customs

Issued by: DGoS, ICES

Subject – Bulk finalization of provisional Bills of Entry in the System – reg.

To facilitate officer in expeditiously clearing pending provisional assessment, System has been enhanced to enable bulk finalization of provisional bills of entry. In the first phase system will allow bulk finalization where as per Final assessment order, loading of value is 'zero'.

2. The system design allows bulk finalization of BoEs pending under SVB, test report and others with **zero loading**.
3. The officer using **FAO role** has to enter IEC of the importer and supplier name, the system will auto-populate all the provisional bill of entries pending for finalization for that importer and respective supplier. The officer can select the bills of entry for finalization and submit to DC/AC (**FDC role**) for finalization. The system design also allows both FAO and FDC role to "deselect" any BoE wherein multiple issues may be involved or for any other reason.
4. A step-by-step guide on utilizing this functionality is attached as an Annexure to this Advisory for reference.
5. Officers facing any difficulties or issues may email to saksham.seva@icegate.gov.in.
